Mention a difficulty you encountered during your stay and how you solved it

Making friends. I tried to go out more.

Language/culture barrier, solved by talking to everyone and trying to be as open minded as possible

At first my english wasn't very fluid but then I became confident and I started ti speak better

The main difficulty for me was tight schedule. I tried to rest in my free time.

I've lost my voice completly due to sickness, and I've learned to listen more and communicate in different ways

i was having a really hard time presenting things while everybody staring at me but then i said i'll probably never see these people ever again so then i relaxed a little bit :P

At first meet new people was difficult for me, but with the help of my friends i could talk with many people and make new friends

Name two people from the HOST country (students, teachers, other) that you found especially helpful.

All the team was fantastic. Thank you Adriana, Mariana, Ania, Ángela, etc.
